Directeur Business Development & Optimization

Achtergrond Windenergie duurzaam?

Zo begon het Raad van State leidend

A document titled "Aanvraag bouwvergunning" (Building permit application). The form includes fields for: "Naam afdeling", "provincie", "gemeente", "postcode en plaats", "e-mailadres", "Regelende afdeling (vergunningsoverheid)", "Naam en voorletters", "Deelpersoon", and "Correspondentieadres in Nederland". There is a "Mar" checkbox and a "Bijlage" field.

De nieuwe wereld

Maatschappelijke veranderingen: windenergie in beweging

The collage features several key elements: a green highway sign on the left that reads "Energy Self Sufficiency" with "NEXT EXIT" and an arrow pointing right; a central diagram showing a cross-section of a building with solar panels on the roof, wind turbines on the sides, and energy icons (sun, lightning bolt, moon) above, with arrows indicating energy flow into the building's interior; a 1 Euro coin in the center; a green globe on the right; and a row of seven blue stick figures holding hands at the bottom left. To the right of the figures is the "WINDMADE" logo, which consists of a blue circular icon and the text "WINDMADE".
